Notes

Trades are entered at the NYSE opening bell and exited at the NYSE closing bell.

Our signals are intended to supplement your own market research and analysis, not replace it. Treat each signal as one data point within a comprehensive trading plan: conduct your own due diligence, apply proper risk-management techniques (such as position sizing and stop-loss orders), and align any trade with your individual objectives and risk tolerance. Use the signals as a framework to identify potential opportunities, then confirm with your preferred technical and fundamental analysis before executing any trades.
