

WOOD FLOOR

CATALOG OF PREMIUM WOODEN COVERINGS

WOOD FLOOR

Wood Floor is a Ukrainian manufacturer of premium wooden flooring that combines generations of craftsmanship with modern technology. We oversee every stage — from wood selection to logistics — delivering more than 2,000 unique projects each year.

Every Wood Floor product reflects precise technological processes, multi-level quality control, and a deep understanding of contemporary interior needs.

THE BEGINNING OF
**WOOD
FLOOR**

With over a decade
on the market, Wood Floor has
grown from a local workshop
into a trusted European
manufacturer.

Today, we are known
for precision, sustainability,
and timeless design. Each of our
products represents a blend
of carefully selected timber,
advanced technology,
and uncompromising attention
to detail.

**YOUR CHOICE —
OUR GUARANTEE**

OUR SOLUTIONS ARE DESIGNED FOR:

Architectural projects

where aesthetics, geometry,
and structural stability
are key

Interior design concepts

where flooring is not just
a backdrop but a design
feature

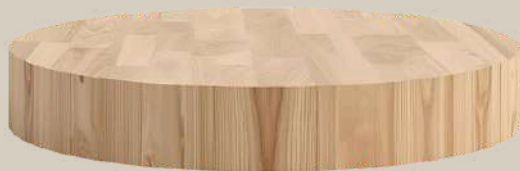

Commercial spaces

where durability, longevity,
and easy maintenance
are essential

INDIVIDUALITY

We do not produce mass-market products — we create flooring tailored to your **style, space, and expectations**. Board **format, texture, shade, and finish are selected individually**, based on the project's purpose and design.

SUSTAINABILITY

All raw materials come from legal, **sustainable sources, FSC®-certified** to ensure compliance with forest conservation principles.

QUALITY

Our products **carry CE marking under EN 14342:2013**, confirming:

- compliance with **EU safety and technical standards**,
- **fire reaction classification**,
- **dimensional stability**,
- low formaldehyde emissions (**Class E1**, $\leq 0.124 \text{ mg/m}^3$),

absence of harmful substances
(**in line with REACH**).

We fully comply with the **European Timber Regulation (EUTR)** and are actively preparing for the implementation of **EUDR (2024–2025)**.

SAFE MATERIALS

We use **eco-friendly adhesives, oils, and lacquers from leading European brands** (Sherwin-Williams, Helo Aqua, etc.), safe for human health and suitable for residential and children's spaces.

PARTNERSHIP

We value long-term relationships with designers, architects, and businesses, offering reliability and transparency. **Flexible pricing, personal manager support, and project-specific adaptation define our approach.**

BRAND VALUES

We also have proven experience with **the TRACES NT system** (exports to the Netherlands, Italy, France, Germany).

PRODUCTS

LAMELLAS

**OAK, "PEAR" TONE,
SHERWIN-WILLIAMS OIL
(ITALY)**

Warm shade with a natural soft accent. Sherwin-Williams oil highlights the oak grain and provides protection.

**OAK, SMOKED,
BRUSHED + OIL**

Dark shade with a pronounced grain. Brushing creates texture, oil ensures depth and protection.

**OAK, NATURAL
SHERWIN-WILLIAMS OIL
(ITALY)**

Classic oak color with preserved natural texture. Oil finish ensures durability and resistance.

**OAK, SHERWIN-
WILLIAMS OIL (ITALY)**

Natural oak shade with a premium oil finish. A timeless choice for various interiors.

**OAK, "WENGER-108"
STAIN, SHERWIN-
WILLIAMS OIL**

Rich shade with a strong character. Oil enhances the depth of color and adds surface protection.

**OAK, "PEAR" STAIN +
OIL**

Warm shade for light interiors. Oil emphasizes the wood structure and provides wear resistance.

**OAK, "WENGER-108"
STAIN, TONING + OIL**

Expressive dark color with a modern look. Stain combined with toning creates a deep texture.

**OAK, "WENGE" STAIN,
POLISHING + HELO
ACRYLIC LACQUER**

Deep dark tone with glossy effect. Acrylic lacquer ensures durability and protection.

**OAK, "PEAR" STAIN,
POLISHING + OIL**

Light warm tone with a delicate gloss. Polishing makes the surface smooth, oil adds strength.

**OAK, "PEAR" + "WENGE"
STAIN, HELO AQUA
ACRYLIC LACQUER**

Combination of two shades for a complex color. Helo Aqua lacquer provides surface stability and a semi-matte finish.

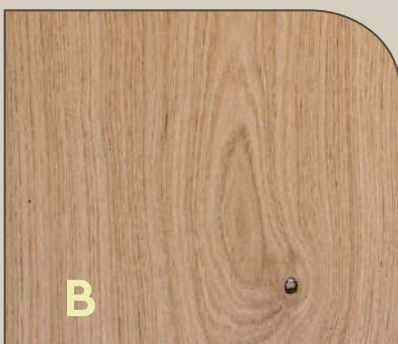

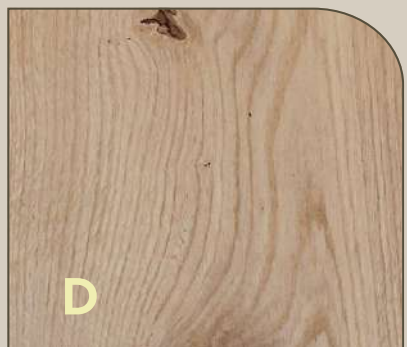

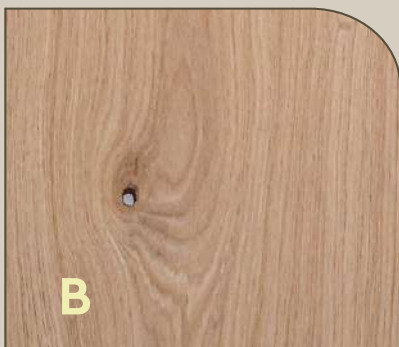

PANEL VERSAILLES

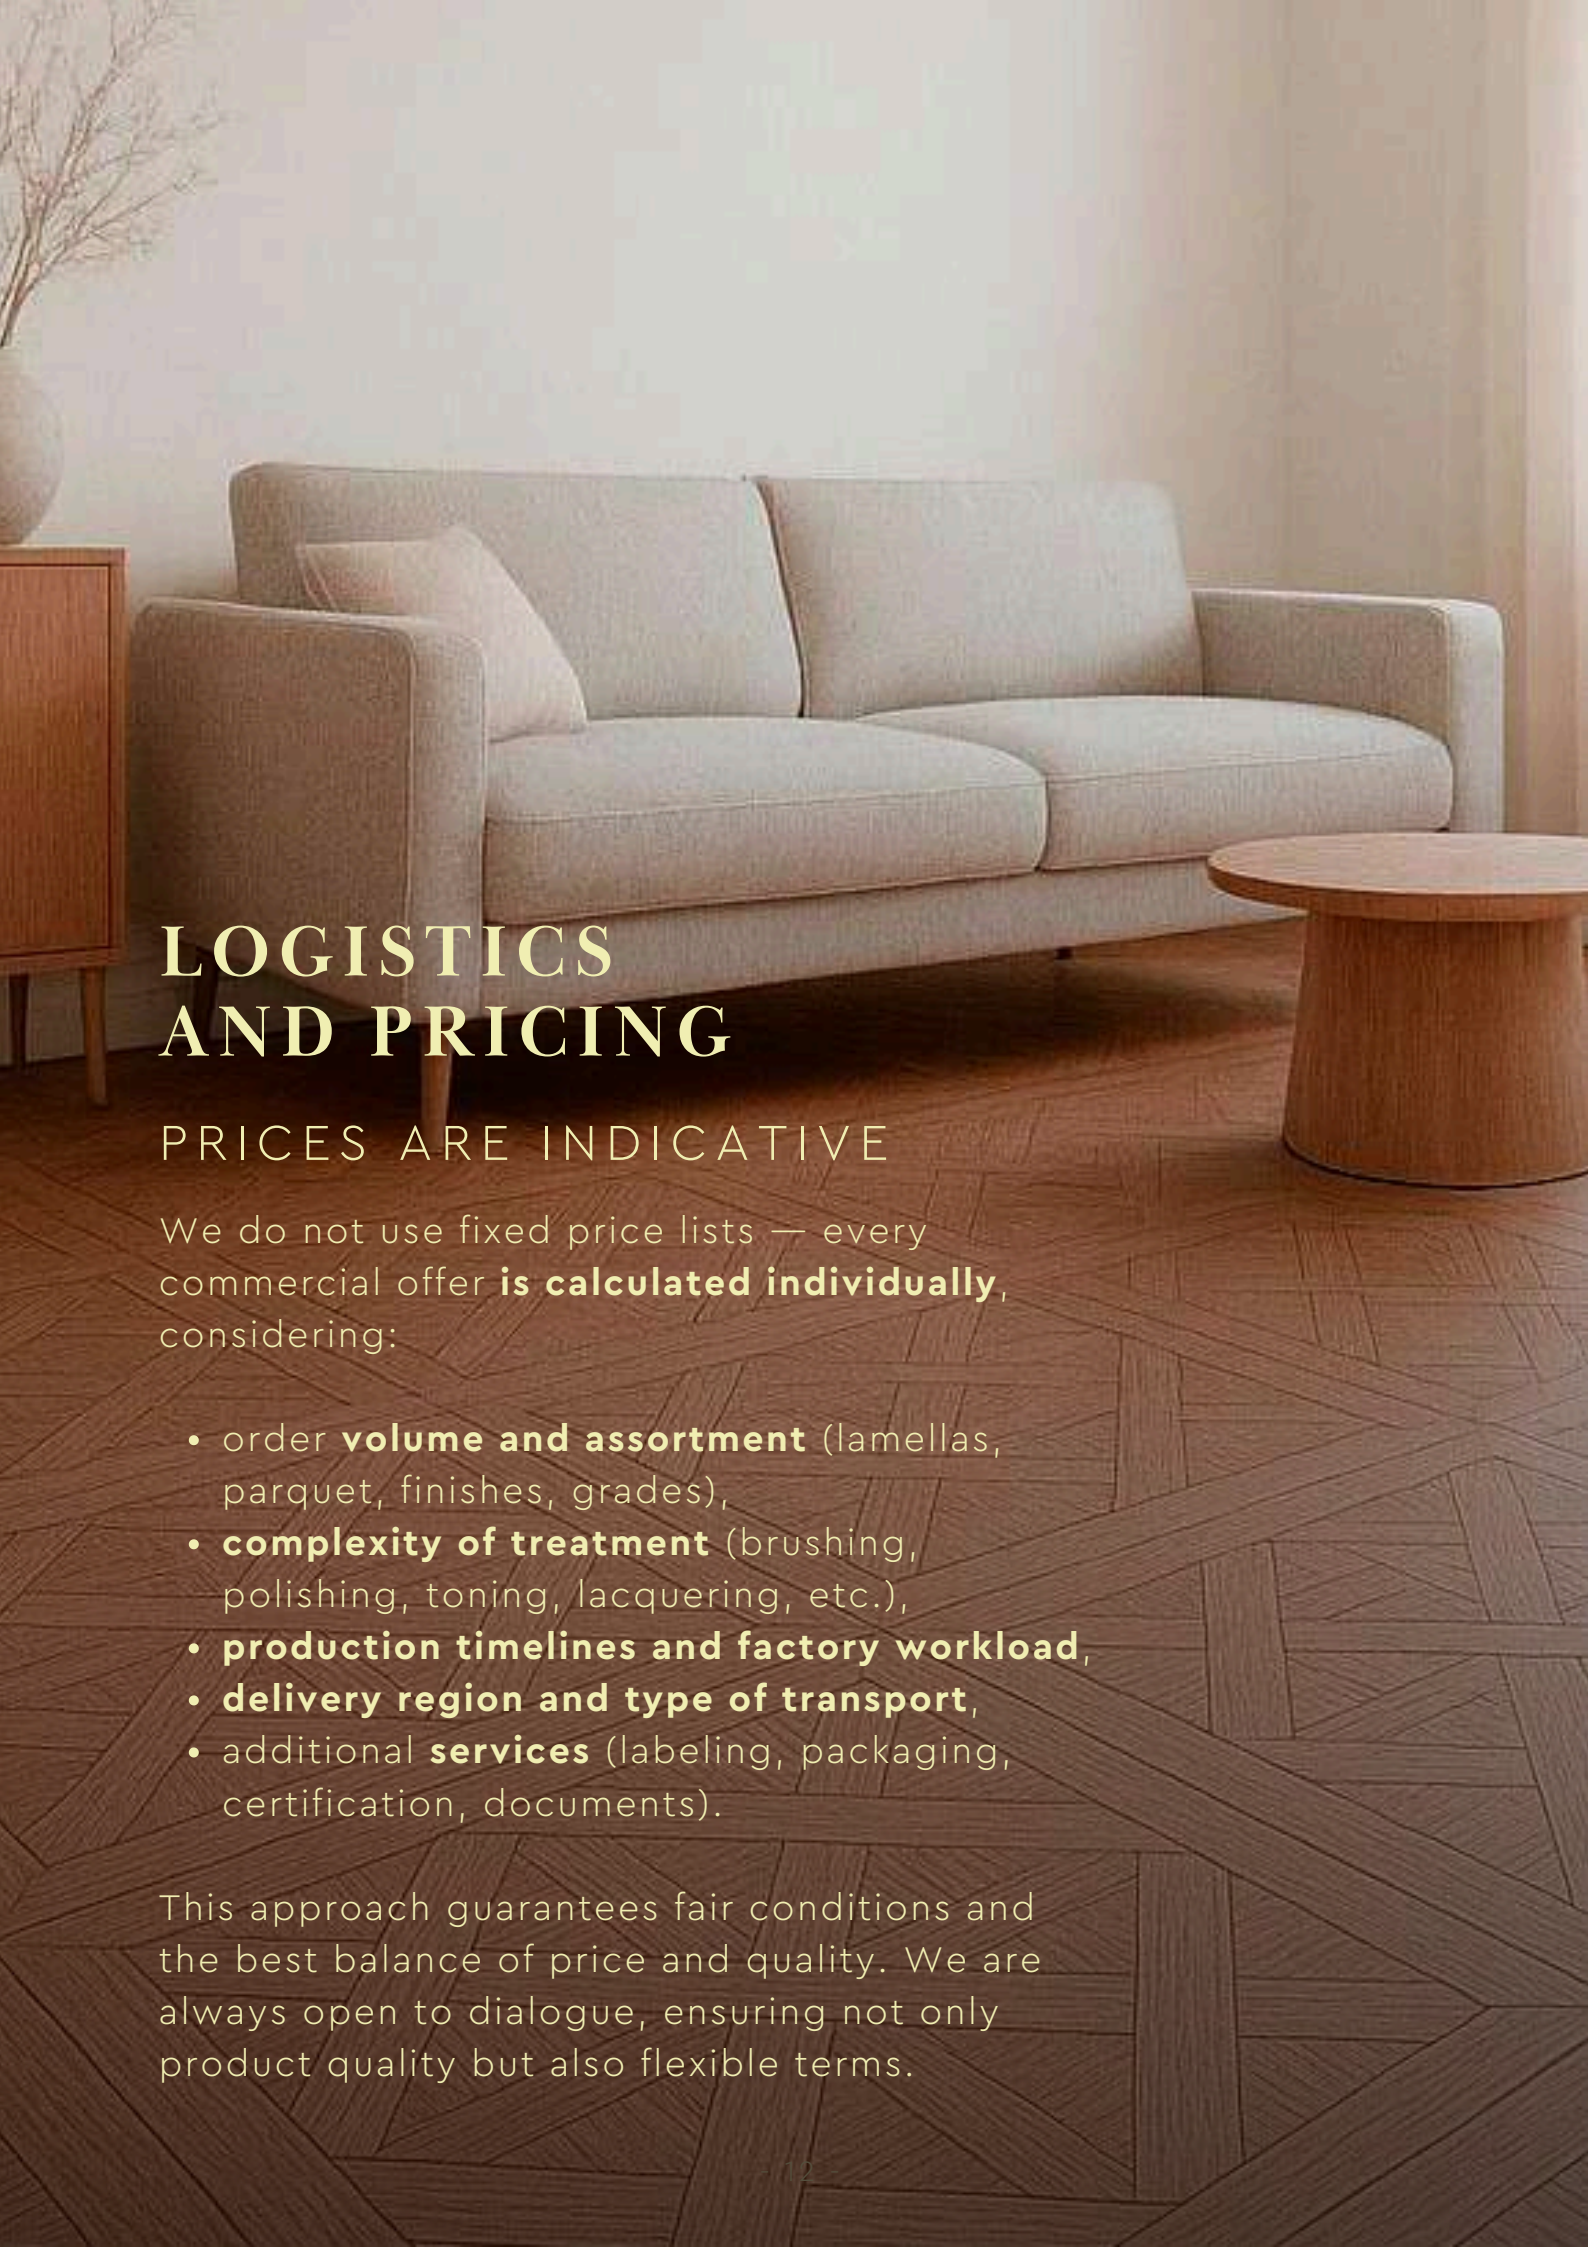

VERSAILLES PANELS — ELEGANCE AND LUXURY OF CLASSIC STYLE.

Geometry inspired by royal palaces, combined with modern material stability. Suitable for ambitious projects — from historical reconstructions to minimalist lofts.

- Construction: oak lamella top layer + birch plywood base
- Size: **982×982×16 mm**
- Grades: **A, B, C, D, Antique**
- Applications: flooring, wall cladding, furniture elements
- Available: **over 70 finish options**

The solid oak surface provides natural beauty and strength, while the birch plywood base adds stability and endurance. With a wide range of grades (A–D, Antique), this parquet can adapt to various budgets and design concepts.

LOGISTICS AND PRICING

PRICES ARE INDICATIVE

We do not use fixed price lists — every commercial offer **is calculated individually**, considering:

- order **volume and assortment** (lamellas, parquet, finishes, grades),
- **complexity of treatment** (brushing, polishing, toning, lacquering, etc.),
- **production timelines and factory workload**,
- **delivery region and type of transport**,
- additional **services** (labeling, packaging, certification, documents).

This approach guarantees fair conditions and the best balance of price and quality. We are always open to dialogue, ensuring not only product quality but also flexible terms.

LOGISTICS

Wood Floor organizes regular freight shipments across the EU, including:

- **Central Europe:** Prague, Vienna, Budapest, Warsaw
- **Western Europe:** London, Paris, Brussels, Amsterdam
