CHAMPAGNE

There's a reason Champagne has marked life's best moments for centuries. True Champagne comes from one place and one place only, the Champagne region of northern France, where chalky soils and a cool climate give the wine its signature elegance, fine bubbles, and bright, mineral finish. Everything else in the world is sparkling wine.

At SeaSpice, Champagne isn't just a pour, it's a little piece of France in your glass. Golden hour, the skyline, a chilled bottle arriving at your table: this is the moment the evening turns into something you remember. Whether you're marking an occasion or simply deciding the night deserves one, our Champagne selection brings that magic straight to your table.

Welcome to the French Riviera.
