Dear WAELs Families,

I hope this message finds you well.

As we continue through an active winter season, I want to share that our school has been asked by the district to ensure we are fully prepared to pivot to remote learning in the event of inclement weather.

At this time, no decision has been made to move to remote instruction. However, we want to ensure that, should the need arise, all students are ready to continue learning without interruption.

To support this preparation, we are confirming that:

- Every student has access to an internet-enabled device (DOE-issued iPad or Chromebook).
- Families have reliable internet access at home.
- Students and families are familiar with basic login information and expectations for remote learning.

If your child does not have a device, is experiencing technical issues, or does not have reliable internet access, please contact the main office as soon as possible so we can support you.

Our goal is to ensure that all students are prepared and supported, whether learning takes place in school or remotely. Thank you for your continued partnership and flexibility as we plan ahead to keep learning moving forward.

Should you have any questions or concerns, please do not hesitate to reach out.

Warm regards,

***K.Olayokun, JR***

Kamor Olayokun, Jr.

Principal

Waverly Academy of Empowered Learners (WAELs)
