ABOUT HVA

Harbor View Advisors provides sell-side and buy-side M&A advisory to innovative companies shaping the tech and services markets. Our unique approach combines the execution expertise of an investment bank with the strategic thinking of a management consulting firm to help our clients achieve their goals.

SELL-SIDE & BUY-SIDE M&A ADVISORY

POSITIONED AT THE CORE OF INDUSTRIAL GROWTH

The industrial sector is evolving as companies seek to deliver products and provide essential services with greater efficiency, reliability, and data-driven scale. Within industrial services – spanning maintenance, installation, and field services – rapid consolidation is creating opportunities for those with specialized expertise, strong execution, and geographic footholds. This evolution is also reshaping traditional industrials and accelerating the adoption of industrial technology, from automation and tech-enabled solutions to advanced analytics. At Harbor View Advisors, we partner with founders, business owners, and private equity firms across high-growth segments.

- Manufacturing & Distribution
- Design & Engineering
- Facility & Site Services
- Environmental Services
- Infrastructure Services
- Perimeter Security
- Tech Enabled Solutions
- Testing, Inspection, Certification & Compliance (TICC)
