### Walker Lane Announces Shares for Debt Issuance

**December 17, 2025. Vancouver, B.C. – CMC Metals Ltd. (TSX-V: CMB) (Frankfurt:ZM5P) ("CMC" or the "Company")** is pleased to announce that it has settled and extinguished **\$77,600** of outstanding debt (the "**Debt**") through the issuance of common shares of the Company (the "**Shares**").

In accordance with the settlement of debt (the "**Debt Settlement**"), the Company will issue **405,714** common shares to one non-arm's length creditor of the Company (the "**Non-Arm's Length Creditor**") and **333,333** common shares to one arm's length creditor (the "**Arm's Length Creditor**") at a deemed price of **\$0.105** per Share. The Company has entered into administrative and professional services agreements provided between the periods of April to August 2025, inclusive, with the Non-Arm's Length Creditor for services provided and services agreements for the period April to October 2025, inclusive with the Arm's Length Creditor.

The Company chose to settle and extinguish the Debt through the issuance of Shares to preserve cash and improve the Company's balance sheet. The Debt Settlement is subject to approval by the TSX Venture Exchange (the "**TSXV**"). No new insiders will be created, nor will any change of control occur as a result of the issuance of the Shares.

The shares issued are subject to a four month hold period, which will expire on a date that is four months and one day from the date of issuance.

As certain insiders are party to the Agreement for **\$35,000** or **333,333** shares, it may be considered a "related party transaction" under Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions ("MI 61-101") and the TSXV. The

Company is relying on the exemptions from the formal valuation and the minority shareholder approval requirements of MI-61-101 contained in section 5.5 (a) and Section 5.7 (1)(a) as the fair market value of the common shares being issued to insiders in connection with the Service Shares does not exceed 25% of the market capitalization of the Company, as determined in accordance with MI 61-101.

Kevin Brewer, President and CEO of Walker Lane Resources Ltd. noted “We have significantly reduced our debt load, and minimized operating costs and expenditures, to deal with the challenges our sector has faced in 2024. The participation of my own company and a primary service company is testimony to the belief of myself and the Board that WLR has significant opportunities to enhance shareholder value in the near future.”
