

LED A60

Cira-Lume

The Cira-Lume LED A60 bulb is engineered for universal application and effortless use across all interior spaces, which delivers a versatile and reliable lighting solution for everyday living and working scenarios. Its classic spherical design forms a 200° luminous surface that diffuses light widely in a wide range, making it a seamless fit for various fixtures and spatial layouts with no installation hassle.

It offers flexible, wide-angle illumination that adapts to diverse usage needs from task lighting to ambient fill light. Stable light output supports daily activities while ensuring consistent brightness that avoids abrupt light changes during prolonged use.

Cira-Lume is expertly crafted with premium color quality and well-controlled glare, in line with human-centric lighting principles. It retains the natural hue of surrounding objects and surfaces without causing visual discomfort, catering to cozy and practical lighting demands in any scene. With its focus on universal compatibility, easy operation, and trusted luminous performance, Cira-Lume is a go-to choice for anyone seeking a convenient, adaptable, and high-performance lighting option for both residential and commercial spaces.
