August 20, 2025

This letter certifies that the following products and materials shipped and provided to the subject project are in full compliance with the Build America, Buy America Act (BABA) requirements as mandated in the Infrastructure Investment and Jobs Act (IIJA) Pub. L. No. 117-58, §§ 70901-52.

MANUFACTURING LOCATION COMPLIANCE

All Flex Connection, Inc. dba Joints manufactured products are produced in the United States of America at our manufacturing facility located in El Monte, California. This facility maintains complete manufacturing operations from initial material processing through final assembly and quality control.

DOMESTIC CONTENT COMPLIANCE

The manufactured products satisfy the domestic content threshold requirement, with the cost of components that are mined, produced, or manufactured in the United States exceeding 55 percent of the total cost of all components of the manufactured product, as required under 2 CFR Part 184.3.

QUALITY ASSURANCE AND OVERSIGHT

Implemented procedures and systems for product costing and material origin monitoring within our manufacturing operations. Our quality assurance program maintains self-certification documentation for each project to support ongoing BABA compliance efforts.

This certification is provided in accordance with 2 CFR 184 and supporting OMB guidance implementing the Build America, Buy America Act. The products supplied under this certification are manufactured in accordance with domestic content procurement preference requirements and are suitable for use in infrastructure projects.

Sincerely,

A handwritten signature in blue ink that reads "Thomas T. Bea".

Thomas T. Bea

President
