

AAC 153 SOFT

PRODUCT FACT SHEET

AAC 153 SOFT

DESIGN BY HEE WELLING, 2020

The AAC 153 Soft counterbalances the high functionality and modern expression of the five-legged castor base with the softness and warmth of the quilted shell. Retaining the same high backrest and generous seat that characterises the series, the base is designed with a gas lift that can adjust the seat height by a range of 14cm. The base is available in polished or powder-coated aluminium, and the quilted shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.
