

DESIGN BY HEE WELLING & HAY

HAY

AAL 87

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa
- Full upholstery in a large selection of fabrics and leathers
- Variety of textiles and base finishes.
- Other upholstery options are: a soft quilted version with added wadding in a large selection of fabrics and leathers or a soft duo version in selected fabric and leather combinations on front and back
- Other base options are: moulded plywood legs, solid wood legs and swivel base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 87 DESIGN BY HEE WELLING & HAY

The AAL 87 fuses the sleek, elegant aesthetics of the four-legged steel frame with the organic curves of the low-backed shell. Retaining the same compact body, shaped armrests and simple, sculpted design that characterise the rest of the lounge series, this design features a functional base with slim, angled legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated finishes, and the shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public and private contexts.

Non-domestic seating

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
