AAL 92

DESIGN BY HEE WELLING & HAY

The About A Lounge Chair has a compact body with shaped armrests combined with round wooden legs. In line with the rest of the series, the sculpted design has been kept simple, with nothing left to chance. It is available in a low-backed version with a more intimate expression or a high-backed version with an open, spacious composition. The high-backed About A Lounge Chair is designed to create a cohesive look with the matching About an Ottoman, but it also functions perfectly on its own. The wide choice of cushions, legs and upholsteries mean you can configure unique combinations that fit a variety of public and private contexts. Optional seat cushion mounted with velcro.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
