New Midst Table and Midst Coffee Table with marble

Our Midst Table by Swedish TAF Studio will soon be available in a Midst Coffee Table version and with a beautiful grey marble tabletop for both tables, adding a new look to this well-known style.

As a natural focal point of the home, the Midst Table and the Midst Coffee Table are generous tables where friends and family gather - with room to welcome more. The refined silhouette is simple yet distinctive, featuring a monolithic spun-steel base with a high-gloss finish contrasting elegantly with the honed grey marble tabletop. The deep grey stone, intricate veining, and subtle blue undertones bring a refined touch to any setting.

The Midst base comes in three different colors that pairs beautifully with the grey marble; Grey, Black and Dark Red.

Midst Table and Midst Coffee Table will be available in September.
