Photography & Videography

Meet Darci Adair,

I am a Southern Utah-based photographer with a passion for capturing life's most meaningful moments. Whether it's the quiet anticipation of a maternity session, the tender newness of a newborn, or the joy of families just being themselves. Photography has always been more than just a job to me — it's a way to freeze time, to create memories you can hold onto forever. I love working with people to tell their stories in an honest, artful way, creating images that feel just as real years from now as they did the day we captured them. Based in the stunning landscapes of Southern Utah, I draw inspiration from the natural beauty around us — soft light, wide open spaces, and those candid, in-between moments that say the most.

Meet Lashes by Seanee,

Hello! My name is Seanee Allred. I'm a professional lash technician with nearly 10 years of experience turning tiny hairs into full-blown confidence. Lashing is part art, part science, and part extreme patience. I specialize in custom lash sets because no two faces (or personalities) are the same. My job is to enhance what you already have, not glue you into a trend you'll regret in two weeks. Think elevated, balanced, and effortlessly put together—even when you're running on coffee and vibes. Beauty shouldn't feel intimidating or overdone. It should feel like you, but better. I'm big on healthy lashes, clean work, and results that make people ask, "Are those your real lashes?" (The highest compliment in the industry, obviously.) If you're looking for lashes that last, an artist who cares, and a nap you didn't know you needed—you're in the right place.
