Infrastructure, FEMA & Federal Investment

ABOUT THIS STOP

The GovCom Road Show Puerto Rico stop is one of the most distinctive events in the series. With billions in active federal investment through FEMA, HUD, and infrastructure programs, Puerto Rico represents one of the largest and most underserved GovCon opportunity markets in the nation — built for companies ready to engage and local businesses ready to grow through federal contracting.

WHY PUERTO RICO?

Puerto Rico is not an emerging market — it is an active and generously funded one. Federal investment spans disaster recovery, infrastructure modernization, health, education, and beyond. Showing up at the GovCom Road Show Puerto Rico stop is a direct line to the community, the conversations, and the relationships that move federal work forward on the island.
