

ASANO™ x SANDRO'S

ASANO is a cafe that pops up in restaurant spaces during the day, providing additional revenue to help restaurants thrive long-term and infusing the community with specialty coffee, matcha, locally-baked pastries, and a space to gather and connect.

We're thrilled to partner with **Sandro's** for our debut cafe, the first of several planned partnerships across the city.

ABOUT SANDRO'S

SANDRO'S was founded in 1985 by the late Chef Sandro Fioriti, who went from dishwasher to culinary innovator, introducing revolutionary dishes like risotto with strawberries and penne with vodka sauce to NYC.

After his passing last year, his widow Anna and son Sandro Jr. continue his legacy of exceptional hospitality and innovative Italian cooking at this NYC institution.
