## Summary

### ChatGPT Operator and Mastermind Updates

Warren introduced a new feature called "operator" for ChatGPT, which allows users to automate tasks like booking listings or making reservations. He then explained the format for the day's mastermind session, which involves each participant sharing personal updates followed by a 20-minute deep dive where one person is in the "hot seat" and receives feedback on their coaching business challenges. The session will conclude with a discussion on how participants can utilize their marketing coach.

### Mastermind Insights and Experiences

The group reflected on their mastermind session, with Quillan and Sonya sharing positive experiences and insights gained from the discussions. Warren highlighted the value of such sessions in revealing blind spots and fostering aha moments. Tina agreed, emphasizing the helpfulness of the mastermind and the quality of the feedback received. Warren also shared his

experience of having the best pizza in Haco, Costa Rica, and encouraged others to visit if they ever find themselves in the country.
