

Essex County Council

# Technology Enabled Care Services

Essex County Council have commissioned Livity Life and Provide Community, an employee owned Community Interest Company, to deliver an innovative, digital-first Care Technology service across Essex (excluding Thurrock and Southend).

## Who are we?

Livity Life deliver the end-to-end technology service, which includes installation, repairs, and equipment collection.

Provide Carecall247, who are part of Provide Community, delivers 24/7 alarm monitoring, physical urgent response service, including a non-injury falls pick-up.

# NEXT STEPS:

## Prescribers

### Are you working in a professional care setting?

- Book onto our social prescriber training via the Essex County Council email, or QR overleaf.
- Undergo and complete free training.
- Gain access to the TEC portal.
- Order the TEC equipment for the service user.
- The equipment is then loaned for free to the service user.

### TEC Aware

Committed to supporting  
Technology Enabled Care Initiatives
