

CRYSTAL CLEAR AND CLEAN WATER STRAIGHT FROM YOUR EXISTING FAUCET

- 1 INNOVATIVE DESIGN:** Kube is designed to be as attractive and user-friendly as your other appliances. Its compact size makes Kube fit in all standard kitchen and bathroom cabinets.
- 2 INTELLIGENT MONITORING:** Kube's patented PureMometer® filter life monitor tells you when to change your filters based on true water usage. No more wondering or worrying about using exhausted cartridges.
- 3 BY-PASS KNOB:** Kube's convenient by-pass knob allows you to change cartridges without shutting off the main water supply. And it gives you the flexibility to choose between using filtered or non-filtered water. (But why would you?)
- 4 DUAL-FLOW TWIST & LOCK FILTERS:** Don't sacrifice flow! Kube's dual-filter system maintains strong flow throughout the entire life of your filters and provides quick, tool-free changes.

Kube

Advanced Water Filtration System

CRYSTAL CLEAR & CLEAN WATER STRAIGHT
FROM YOUR EXISTING FAUCET

WELCOME TO THE KUBE™ LIFE

POWERFUL

Kube is certified to filter more contaminants than a pitcher and lasts 40 times longer between filter changes.

EASY

Simple DIY hookup in approximately 15 minutes. Twist and lock cartridges make filter replacements a snap. And Kube will let you know when it's time to change them.

LIMITLESS

Kube provides a supply of cleaner, clearer water on demand. No rationing, no waiting and no compromising.

EMPOWERING

Kube helps keep your family safe and healthy and protects the planet. Kube's water-powered, non-electric system eliminates the need for wasteful water bottles.

SAVINGS

Kube saves you money, pure and simple.

Cost of 1,665
US Gallons /
6,302 Liters of
Filtered Water

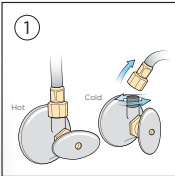

40X

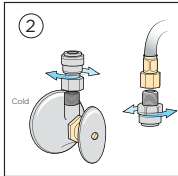

HIGHER CAPACITY
THAN A FILTRATION
PITCHER

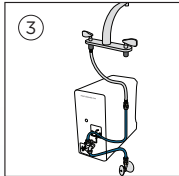

SIMPLE DIY HOOKUP IN APPROXIMATELY 15 MINUTES

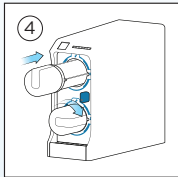

Disconnect cold
water line

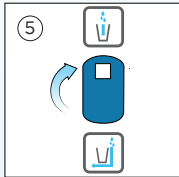

Connect
adapters

Connect tubing to
Kube

Insert cartridges

Activate unit and
enjoy!

ENJOY CRYSTAL CLEAR AND CLEAN WATER!

The Kube™ Advanced Water Filtration System significantly reduces the following contaminants that may be in your tap water:

TASTE & ODOR:	Chlorine
HEAVY METALS:	Lead, Mercury
PHARMACEUTICALS*:	Birth Control, Pain Killers, Antidepressants, Tranquilizers, Antibiotics
GASOLINE ADDITIVES:	MTBE (Methyl Tert-Butyl Ether), Benzene, Toluene, Ethyl Benzene, Xylene
MICROBIAL CYSTS:	Cryptosporidium, Giardia
PARTICULATES:	Sand, Silt, Rust
INDUSTRIAL POLLUTANTS:	Styrene, Carbon Tetrachloride, Chlorobenzene, Tetrachloroethylene (TCE), Ethylene Dibromide (EDB)
DISINFECTION BY-PRODUCTS:	TTHMs (Total Trihalomethanes), Chloroform, Bromoform, Bromodichloromethane, Dibromochloromethane, Tribromoacetic Acid
PESTICIDES & HERBICIDES:	Alachlor, Atrazine, Carbofuran, Endrin, Lindane, Methoxychlor, Simazine, DEET*

**Reduction is based on manufacturer testing, not certified by WQA. Pharmaceuticals may not be present in your water.*
