

Mobile LED Video Trailer Quick Start Guide

When Should You Use These Instructions?

- For continued use daily (turning on/off)

1 Turn On Main Breaker

Locate the breaker box for the screen and turn on the main breaker, typically located at the top.

2 Turn Breakers On For The Screen

Turn the breakers on for the scoreboard to the screen at the breaker panel.

3 Turn On Production Box

Locate the main power in the production box and turn it on.

4 Turn Processor On

If the Novastar processor doesn't automatically turn on, make sure to power it up.

5 Play Your Content

Start playing content through Mac, laptop or iPad.
