

OAM-Mount

Mount for the OAM-EXPLORER Combination Sensor

The OAM-Mount is a sturdy mount specially designed for the OPTEX OAM-EXPLORER Combination Active Infrared and Microwave Sensor for Industrial Door applications. Installation is easy with the OAM-Mount. The 36" mount – which can be cut down to the appropriate size – mounts above the overhead door for most applications. The OAM-Mount is constructed of black oxide steel.
