SUSTAINABILITY IS OUR GOAL

We are fully committed to sustainability, treating it as a cornerstone of our business strategy. Our goal is to actively contribute to protecting the environment and promoting the efficient use of natural resources.

Sustainalytics, a leading ESG research, ratings and data company, rates EuroWagon‘s ‘Green Loan Framework’ as credible and contributing to environmental protection.

OUR SUSTAINABILITY STRATEGY IN BRIEF

- implementation of low-emission transport projects
- contribution to the reduction of CO_2 emissions
- continuous analysis of the opportunities and threats to the climate arising from the Group’s activities
- reducing the negative impact of the Group’s activities on the environment

Total fleet

1,635

Intermodal wagons

Total fleet mileage

330,000,000

kilometers

Saved CO_2 emission vs. road

451,440

tonnes

EUROWAGON

WE ARE RELIABLE

1. CUSTOMER-FOCUSED APPROACH

We provide tailored leasing solutions and flexible terms based on your specific transport requirements.

2. MODERN AND DIVERSE FLEET

Our fleet includes a variety of intermodal wagons ensuring we meet all your transport needs.

3. MAINTENANCE & SUPPORT

We provide full maintenance and support, ensuring our wagons remain in top working condition throughout the leasing period.

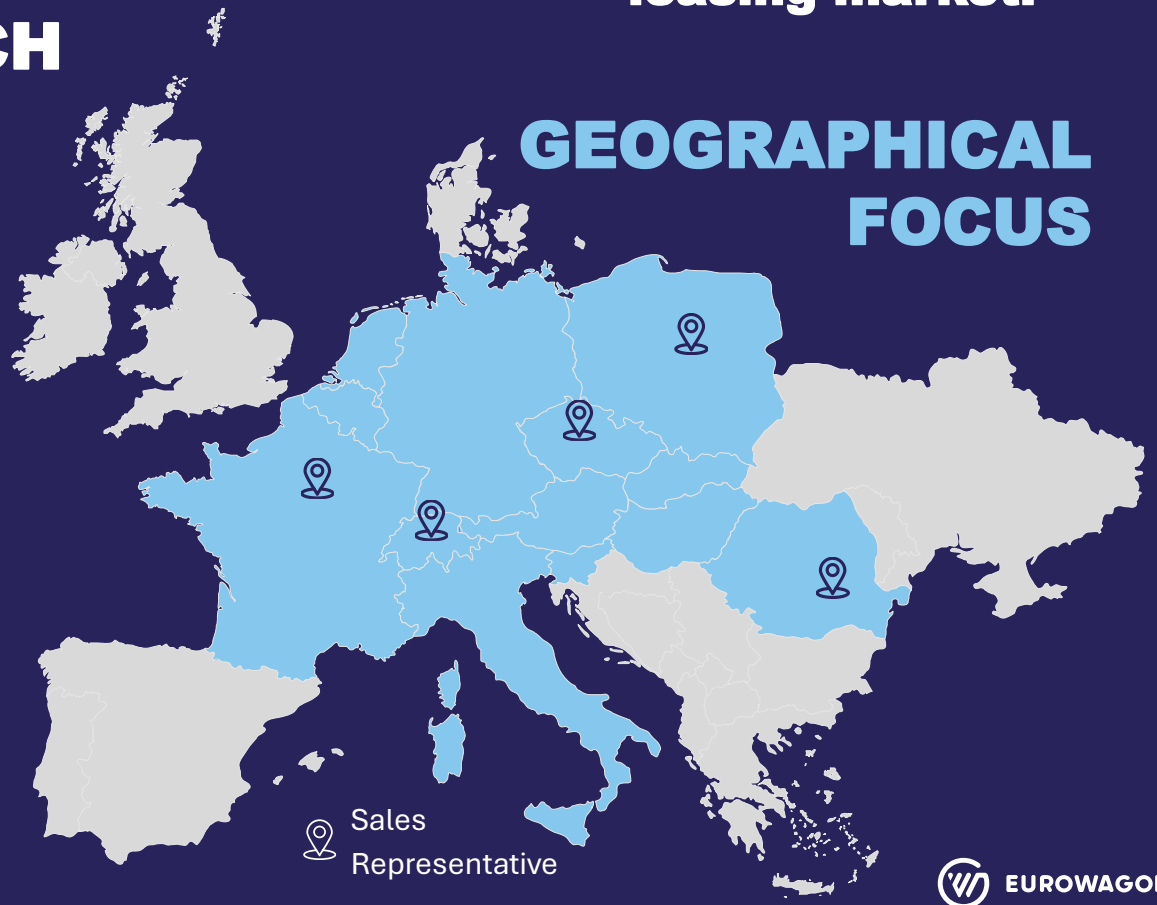

4. STRATEGIC NETWORK

With a wide-reaching presence across Europe, we ensure that our wagons are easily accessible, and we can deliver them where and when you need them.

MISSION STATEMENT

“ We are a new alternative for customers within European rail car leasing market. ”

GEOGRAPHICAL FOCUS

EUROWAGON

WHY LEASE WITH US

OPERATIONAL FLEXIBILITY

Our leasing options are highly adaptable, allowing clients to scale their fleet up or down based on changing needs.

COST OPTIMIZATION

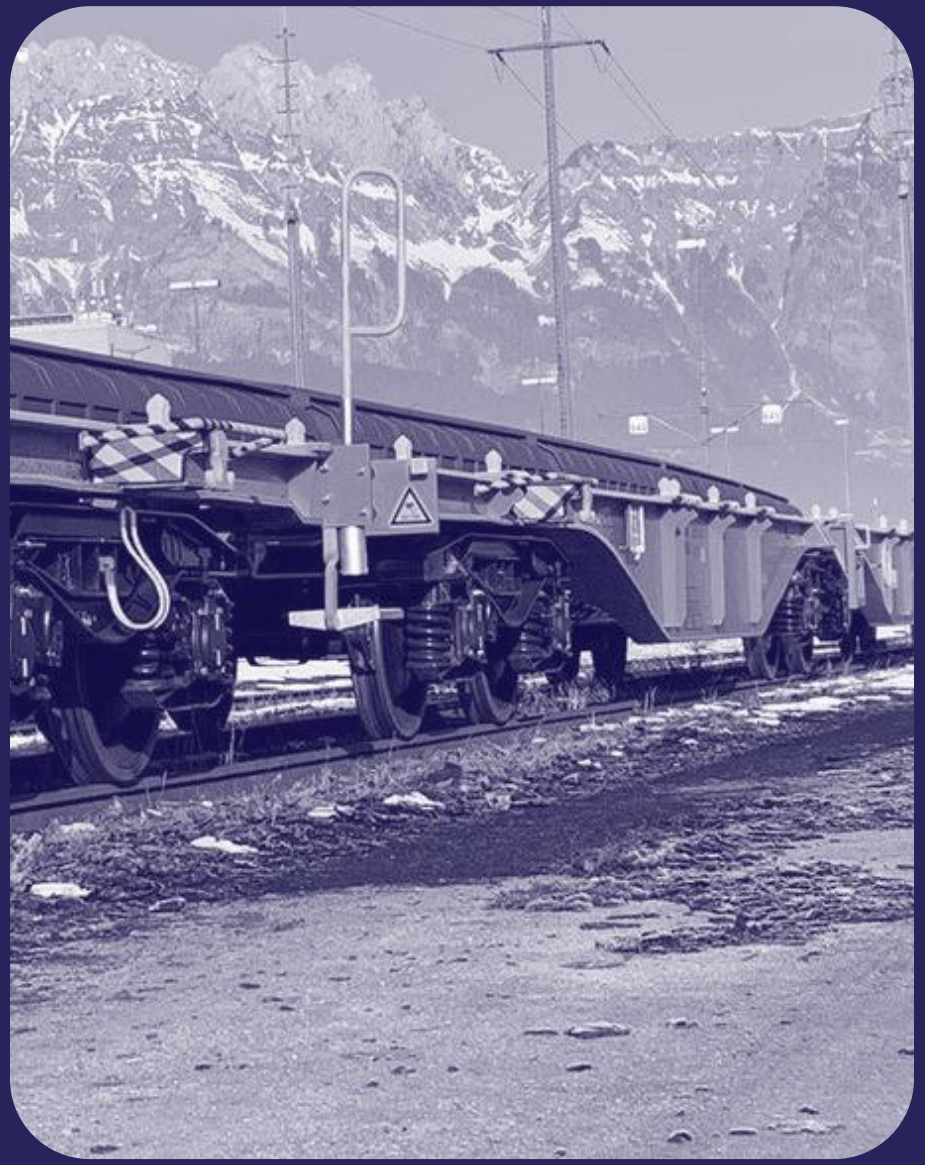

Leasing allows businesses to avoid large upfront capital expenditures while allowing access to a diverse fleet of railcars.

RISK MINIMALIZATION

We provide full maintenance and support, ensuring our wagons remain in top working condition.

HIGH QUALITY AND MODERNITY

Our wagons have an average age of only 4 years and are continuously maintained according to strict technical guidelines.

MODERN intermodal fleet - average age of c. 4 years

EUROWAGON

WE ARE FLEXIBLE

ECM ENTITY IN CHARGE OF MAINTENANCE

- As certified ECM for railcars we perform maintenance in-house under applicable regulations, which gives the company control and oversight over maintenance quality.
- Periodical technical reviews and repairs outsourced; preventive examinations performed by the third-party mobile service.

ADDITIONAL SERVICES

- Partnership with Kasasi – live GPS system which grants customers the access to location, route, mileage, and history data
- Transport organization
- Efficiently carried out maintenance/mobile repairs

LEASING OPTIONS

1. weCare

Cost covered by Eurowagon	Wheelsets	Revisions	Greasing	Brake blocks
	√	√	×	×

Wet leasing. Together we take care of maintenance. You take responsibility for the ongoing maintenance such as greasing, brake blocks and mobile service, while we provide you with wheelsets and wagon revisions.

2. iCare

Wheelsets	Revisions	Greasing	Brake blocks
√	√	√	√

Full leasing. Let us take care of everything. Our team monitors the wagons throughout the rental period and carries out the necessary maintenance to ensure optimal functionality and safety.

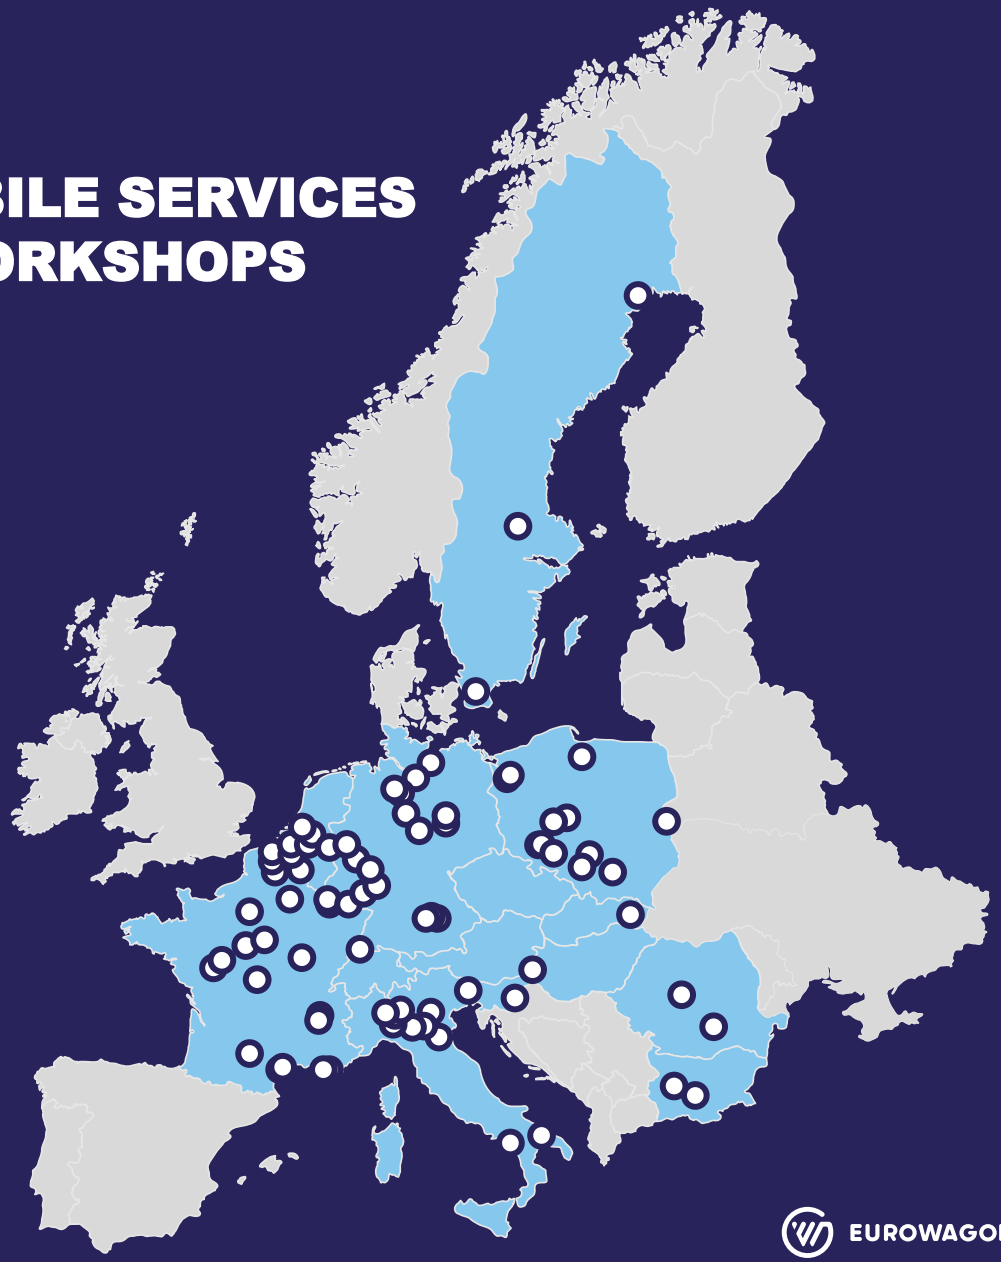

Note: Both leasing options include overseeing the wagons by Eurowagon's certified ECM.
