What does pure water really cost?

Three ways to bring the Oasly Home reverse-osmosis system into your kitchen — pay monthly, pay yearly, or buy it once. The table below shows your **total cumulative cost** after each year, so you can see exactly where each option stands over time.

SUBSCRIPTION

Monthly

€24,90/mo

- ✓ Installation included
- ✓ All filter changes included
- ✓ Service, leak-check & moving included

Maximum flexibility — €298,80 per year, everything taken care of.

BEST SUBSCRIPTION VALUE

Yearly

€249/yr

- ✓ Installation included
- ✓ All filter changes included
- ✓ Service, leak-check & moving included

Same all-in service, **save €49,80 a year** vs. monthly (2 months free).

ONE-TIME PURCHASE

Buy the system

€699 once

- ✓ Installation included
- ✓ You own the system
- Filters bought as needed

Lowest long-run cost if you change filters yourself. Optional Oasly service €99/visit.

Filter replacement schedule (purchase option)

CP filter — once a year, €34,90

RO filter — once every 2 years, €89,90

Remineralization — once a year, €31,90

Parts per year: €66,80 (odd years) · €156,70 (years with RO change)

Oasly maintenance service — €99/visit

For owners who prefer a technician: professional filter change, leakage check (recommended after 2 years) and help when moving home. On subscriptions this is always included at no extra cost.

All prices in EUR, incl. VAT, as listed on oasly.shop (July 2026). Subscriptions are all-inclusive: installation, every filter change, servicing, leak checks and relocation are covered. The purchase option includes installation; filters and optional servicing are additional as shown. Figures assume continuous use with filters replaced on schedule and are for comparison only.
