

Copper Ridge – August 20, 2025

Organizer: Benoit Turcotte and Craig Brooks

For a third year in a row, the August Orienteering event in Copper Ridge took place under a beautiful sunny sky and relatively warm conditions. A total of 46 participants registered for the event, including several families with kids who braved the Novice and Intermediate courses. It appears that none of the 34 controls were misplaced, which is always better so participants remain fully motivated. Unfortunately, the main organizer did not use the most recent version of the Copper Ridge map, and some participants did notice that some recent trails did not appear on the map, which tends to reduce the fairness of the event. This little oversight will be addressed before the next event.

The YOA would like to invite participants who would have taken pictures during the event to share them in a context where some of them will be selected to populate the YOA website.
