

# Capability Statement

---

*Strategic Contracting. Intelligent Execution. Mission-Focused AI.*

---

## Company Overview

Resourceful AI is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering strategic consulting, technical solutions, and AI-powered innovation to federal agencies and prime contractors. As a compliance-first, veteran-led firm, we specialize in proposal development, subcontractor sourcing, and turnkey federal execution.

## Core Competencies

- Strategic Consulting & Program Support: PMO setup, compliance audits, operational efficiency
- AI & IT Modernization: Process automation, custom AI development, cybersecurity
- Engineering & Technical Services: Test engineering, technical assessments, R&D

## NAICS Codes

- 541611 – Administrative & General Management Consulting
- 541512 – Computer Systems Design Services
- 541715 – R&D in Artificial Intelligence and Technology
- 541330 – Engineering Services
- 541690 – Scientific & Technical Consulting Services

## Differentiators

- SDVOSB Certified – Fully registered in SAM with DUNS and CAGE Code
- Veteran-Owned – Discipline, integrity, and mission-readiness
- Compliance-First – We align with FAR/DFARS from day one
- Subcontractor Network – Pre-vetted partners with proven performance
- AI-Driven Execution – Automation and insights that accelerate results
