

# WHAT DOES MY STARBUCKS ORDER BUY IN UGANDA?

CHRISTMAS 2025

**OUR GANDA**

Let's Ignite Hope. Let's Change Things.

Dear Friend of Ourganda,

You don't have to actually give up your coffee (unless you're willing to!), but how about matching it for a week, a month — or maybe longer?

It's easy to bless our friends in Uganda who have an exceptionally difficult life. Please take a minute to browse through this catalog, then decide your impact.

Thank you for being someone's hero. And may God bless you and your family especially during this Christmas season.

Ron Gladden, Director

*A special way to honor someone you love*

*Every gift creates a huge impact*

*Give a gift that will truly change lives*

**Easy ways to give:**

**Mail the enclosed donation card • Call 360-624-7271 • Visit [ourganda.org/Christmas](http://ourganda.org/Christmas) •**

### GIVE A HYGIENE KIT

Imagine a young woman resorting to rags, banana leaves, feathers or even cow dung to manage her menstruation. Without a solution, she is excluded from school or a job; her life is disrupted and sometimes ruined. A simple hygiene kit is a safe, washable, long-lasting alternative she can count on month after month. Your gift lifts and empowers women to prosper. With your help, we can reach thousands of women everywhere. Period.

**\$8 – provides 1 hygiene kit**

**\$160 – provides 20 hygiene kits**

### GIFT A BIRTHING KIT

When a woman in one of our villages is in labor and makes it to the hospital, she is not admitted unless she arrives with her own birthing kit. That shocking reality partially explains why over 200 moms and babies die every day across the country. Ourganda has received a generous grant for basic birthing kit items, but our team supplements them with a blanket, surgical gloves, maternity pads, soap and extra gauze.

**\$8 – supplements 1 birthing kit**

**\$160 – supplements 20 birthing kits**

 **OURGANDA**  
Let's Ignite Hope. Let's Change Things.

## GIVE A BABY WELCOME BASKET

Most mothers can't wrap their newborn babies in a clean, soft blanket because they don't have one. In Ourganda's villages, midwives give new moms an incentive to bring their babies to the mobile clinic. Not only does the baby receive an examination, a sickle cell test and postnatal care, but the parents are blessed with a warm blanket, underwear, diaper, socks, cap and a headband for their newest bundle of joy.

**\$11 – buys 1 baby welcome basket**

**\$110 – buys 10 baby welcome baskets**

## GIVE THE GIFT OF CLEAN WATER WITH A WATER FILTER

After a long journey with 45 pounds of water on their heads, women arrive at their homes with a jerry can containing polluted water. It's the best they can do unless we provide urgently-needed water filters. At a cost of 4 or 5 trips to Starbucks, you can provide a water filter system (filter, stand, and jerry cans) for three families.

**\$42 – provides 1 filter (up to 25 people)**

**\$420 – provides 10 filters (up to 250 people)**

## GIVE A KID'S KIT

You haven't seen a child this grateful until he or she receives a kit that includes shoes, soap, mosquito net, dish & bowl, underwear, toothbrush & toothpaste, and a water bottle – all in a beautiful bag displaying the Kids Sharing Project logo. No more jiggers in her feet; no more scabies on his head because now he can wash with soap; no more mosquito bites at night. The health benefits are enormous, and the joy on the face of the kids is priceless.

**\$14 – buys 1 kid's kit**

**\$70 – buys 5 kid's kits**

*Make a kid smile!*

*A popular gift with high impact*

## SOCCER BALL & GOALS

The fastest way to gather a crowd of energetic children is to break out a soccer ball. Passing up a morning or two at Starbucks can buy one ball, or you can spread the excitement to a bunch of villages by providing a ball to each of our thirteen villages. It's time to play!

**\$10 – buys 1 soccer ball**

**\$95 – buys a soccer ball and two net goals for a village**

## DEFEND CHILDREN FROM SEXUAL VIOLENCE

*Ourganda is  
defending girls  
from sexual  
violenceKisa*

*Together  
we're changing  
the whole  
system*

Before Ourganda adopted 13 villages, the majority of girls were constantly in danger of sexual violence. The rules changed when we launched the 'Every Child Is Safe' campaign on September 5, 2025. Girls know now that an army of volunteers, government officials and attorneys are working together to hold offenders accountable. Here's how...

### Children's Protection Hotline – \$40 a month

Pays for the phone line and a part-time assistant to receive the calls.

### Volunteer Training \$180/quarterly

Provides transport for presenters and refreshments for the army of villagers who gather quarterly to protect our children.

### Legal Support – \$225/quarterly

Enables our law firm in Kampala to conduct quarterly training for government officials, village leaders, parents and volunteers.

### Salary – \$300/month

Allows Joinus, our children's champion, to add an urgently needed member to her team.

Thanks to the collaboration of government officials, village volunteers and legal support, our children are safer than ever. But it is not enough to protect them from being hurt. We are creating pathways to help 1,000s of kids be safe, successful and self-sufficient 10 years from now. Here's how...

### Children's Clubs – \$49

Buys T-shirts for seven club members.

### Children's Library – \$165

Places 95 Christian books that enhance reading skills into the hands of kids who are hearing Bible stories for the very first time.

### Discovery Camp – \$200

Sponsors five children to a two-day Bible camp.

### Leadership Training – \$300

Sponsors four older, mature young people to a multi-day training event, equipping them to organize and lead sports events, service projects, trauma resilience mini-courses, and learning-to-read classes for children and adults.

**WHERE WILL THOUSANDS  
OF KIDS BE IN 10 YEARS?**

*Your gift  
creates new  
community  
leaders*

*Help a  
child develop  
reading skills  
& discover  
Bible stories*

## SICKLE CELL TREATMENT

The Bundibugyo District is an epicenter for sickle cell disease (SCD), yet the closest hospital that tests and treats children is two hours away. Since 80% of kids who are born with SCD die before their 5th birthday, Ourganda feels compelled to take the lead. Your gift directly saves the lives of precious children.

*You can  
relieve the  
suffering*

*Change  
a life  
forever*

**\$97 – treats a  
child for one year**

**\$291 – treats the same  
child for three years**

## LATRINES FOR STUDENTS

Unbelievably, many schools in Ourganda's villages have a latrine for the teachers but none for the students. When a child needs to use a toilet or a girl has to change her pads, he/she has to walk home – which often means the end of the school day. In 2026, we plan to end the insanity by building latrines in two schools.

- **Construction Crew – \$600**  
(monthly salary for 2 employees)
- **Provide a Latrine – \$8,000**

## SPONSOR AN EMERGENCY SURGERY

What does a person do when faced with a life-threatening injury or condition? Unnecessary death is all too common and can often be prevented with surgery. Because of numerous sponsorships, Ourganda has been able to save 73 lives – and counting. Your gift of a surgery gives you the joy of being a person's hero for many years to come.

**\$1,000 – covers the average  
surgery in Uganda**

**\$500 – pays half of an  
average surgery**

## SCHOOL FEES

Every child longs to attend school, but half of them never have the chance because they cannot afford the fees. It's easy to change that. Do the math and quickly decide how many children you would like to send to school every day for an entire year.

**\$90 – covers tuition for  
one student for an  
entire year**

**\$450 – covers tuition for  
five students for an  
entire year**

## EQUIP FAMILIES TO ACHIEVE SELF-SUFFICIENCY

Let's build  
futures with  
dignity.

From poverty to  
possibility – your  
gift makes it  
happen!

Most people don't need a handout; they need an opportunity. Men, women and young people in our villages are lifting themselves out of economic poverty through financial literacy classes, business clusters, and self-funded micro-banks. Thank you for matching your coffee purchases to bless one or more entrepreneurs.

**\$35 – Tuition for 5 persons to attend the 9-module Financial Literacy Course**

**\$120 – Launch a Micro-bank**

The **materials** in our secure metal box + **Guidance** from our Ugandan staff = **Another micro-bank** (AKA multiple families achieving self-sufficiency for the very first time).

## WAGING WAR ON DOMESTIC VIOLENCE

Our team leader, Esther, created a Rapid Response team that springs into action the moment an offense occurs. Mankind Club members visit the offender and give him a choice: kindness or prison. Soul Sisters members surround the victim and make sure she is safe and has the support she needs. Over 1,000 men have been confronted so far; almost all have chosen kindness. With consistent backing of government officials, those who made the wrong choice are in prison or on the run.

### Mankind & Soul Sisters Clubs – \$18

This amount covers an official T-shirt, ID badge, boots, umbrella and flashlight for one brave volunteer who is solving the domestic violence problem. We have almost 200 club members in our villages, but that number grows every month.

### Rapid Response Fund – \$100, \$500, or any amount

Your gift helps pay for temporary protection for women and children; food, medications and medical care for victims; and legal fees when a case proceeds to court.

## FAMILY AGREEMENT PARTIES

Profound transformation occurs when a married couple voluntarily signs a revolutionary legal document called the Family Agreement. Included are nine pledges such as:

- All property is owned equally by husband and wife
- We will not use illegal drugs or alcohol
- We will never use violence to settle differences
- Our daughters will decide when to marry and to whom.

### Family Agreement Party – \$250

This amount covers materials, snacks and transport for a half-day presentation followed by an exciting time of commitment for 50 married couples.

**Ourganda Ministries**

P0 Box 874205 • Vancouver, WA 98687

**THIS ISN'T CHARITY.  
THIS IS TRANSFORMATION.**  
Most nonprofits respond. Very few disrupt.  
Ourganda does both, and it's  
**CHANGING EVERYTHING.**

Extending Life  
Expectancy

Ending Domestic  
Violence

Empowering  
Self-Sufficiency

Defending Girls from  
Sexual Violence

**Thank you for contributing today!**

- Choose the scope of your impact.
- Meet the need.
- Become someone's hero.
