

NATURAL STONE FLOORING & WALLING

Milly Limestone

tumbled

tumbled.com.au

The Milly Limestone features a distinctive appearance characterized by a warm beige hue complemented by subtle chocolate undertones. It is available in various formats such as rectangular tiles, random lengths, modular patterns, coping, and steppers, suitable for indoor and outdoor installation, including wet areas and pool surroundings. This natural stone has undergone sandblasting and tumbling processes to create a soft underfoot patina, making it ideal for outdoor spaces due to its low heat absorption.
