

NATURAL STONE FLOORING & WALLING

tumbled

AGGREGATE

The exposed aggregate look has transformed the look of homes since it's inception. This decorative concrete finish is defined by the pebble content and Aggregate does not fail to inspire in this fashion. Warm earthy tones are mixed with cooler silver finishes to produce a tile which is urbane and versatile.

**Our new SmoothGrip finish uses the latest nano-surface technology to produce a smooth surface, with a high degree of slip resistance. This new surface provides a durable, tactile, low maintenance finish with aesthetic appeal, without sacrificing safety.

* Tiles may vary in sizing, weight, colour, pattern, veining, texture, durability, density, surface and finish from batch to batch. Slip ratings serve as an indication and may vary for each batch of tiles. It is recommended that a new test be performed for each batch of tiles if a slip rating certificate is required. The product images shown are for illustration purposes only and are not an exact representation of the product.
