

NATURAL STONE FLOORING & WALLING

Nardo Limestone

tumbled

tumbled.com.au

Nardo is a distressed grey limestone with a dense, robust structure. Its surface has a rugged, weathered appearance, marked by subtle natural imperfections and muted tones of charcoal and ash. The stone feels solid and weighty, exuding strength while retaining the elegant texture of limestone. The distressed finish enhances its raw, organic beauty, making it perfect for adding a timeless, rustic character to any design.
