This ultra-durable European limestone brings a sense of heritage to your spaces. Its dimpled texture was created using a number of surface finishes and traditional stone working techniques. Chunky bolstered and tumbled, Calcia Linear Limestone comes in rectangular cladding tiles at random lengths across two course heights. Its versatile caramel colour palette features subtle colour variations that won't detract from other bold design features.

---

**Stone Colour** Caramel

**Tile Edges** Tumbled

### Ordering Details

Leadtime for product is 26 weeks unless instock.

---

### Sealing & Cleaning

Tumbled recommends Sealing all Natural Stone Tiles

For more information on caring for your natural stone please refer to our website [www.tumbled.com.au](http://www.tumbled.com.au)

---

### Installation Details

It is advisable to use mechanical fixings, such as metal angles or pin fixings, where the tile/stone is to be applied at a wall height exceeding 3m above the ground with a stone/tile mass greater than 32 kg/m<sup>2</sup> or a size of 600 x 600 mm or larger. Please note this stone walling is 95 kgs/m<sup>2</sup> for the 300/400 Format.

Tumbled suggests discussing this installation in conjunction with an engineer and Daniel Redhead from Stone Clip on **0403 679 998**. We suggest using the StoneClip SetClip 20 mm, please review product at [www.stoneclip.com/stoneclip-collection/](http://www.stoneclip.com/stoneclip-collection/)
