Our Como Travertine material, with its warm cream hue, is a natural inspiration that harmonizes beautifully with modern architecture. The Como Walling embraces irregularity and imperfection while honoring the raw material's beautiful simplicity. Como Travertine is suitable for both indoor and outdoor design projects.

1 Lineal Metre Of Corners = 0.3 m² Wall Facing

Ordering Details Leadtime for product is 26 weeks unless instock

Sealing & Cleaning

Tumbled recommends Sealing all Natural Stone For more information on caring for your natural stone please refer to our website **www.tumbled.com.au**

Please note If you are installing your stone without a grout joint we recommend an extra 15-20% for wastage. This then allows the stonemason to cut and shape the stone to ensure the joints are butt-jointed. We also recommend the installer unpacks each crate of stone and use the mix of the sizes supplied. Tumbled will not exchange smaller pieces for larger pieces, it is the installers responsibility to use all the sizes supplied.
