

This exceptional natural limestone features an enthralling array of fossil deposits that create an intricate network of veining and variations. While the deep grey base hues make for a versatile foundation for your home or commercial design project, the movement across the surface is a majestic feat of nature. Softly antiqued & tumbled, Eve Antiqued finish provides a soft patina underfoot, which makes it a beautiful choice for indoor and outdoor use, as well as wet areas.

Stone Colour

Deep Warm Grey
