Tonal vs Contrast

Tonal colours blend with the product for a seamless finish; **contrast** colours define each tile. Always confirm against a physical sample before grouting.

Walling Products

Mix: 5 All Stone White Sand, 2 White Lime, 1 Aalborg White Cement, Master Additive. Prebagged grout colours are available — these can be selected by your designer or stonemason.

A

PRODUCT NAME	TONAL GROUT COLOUR	CONTRAST GROUT COLOUR
