

FLOORS, PAVING & COPING

## Which sealer, *by stone*.

Find your stone, then the area. Tumbled recommends sealing all natural stone. Product QR codes overleaf.

### Limestone

|                                                                  |                                       |
|------------------------------------------------------------------|---------------------------------------|
| Kitchen floors · Main living · Alfresco & BBQ · General external | Solv Sealer Gold                      |
| Bathroom floors & walls                                          | CSD Pure + Stone Sealer Gold          |
| Pool coping · Pool surrounds                                     | Defender CSD Pure + Stone Sealer Gold |

### Marble, honed

|                                                                  |                             |
|------------------------------------------------------------------|-----------------------------|
| Kitchen floors · Main living · Alfresco & BBQ · General external | Solv Sealer Gold            |
| Bathroom floors & walls                                          | CSD Pure + Solv Sealer Gold |
| Pool coping · Pool surrounds                                     | Preseal + Solv Sealer Gold  |

### Marble, sandblasted

|                                                                  |                            |
|------------------------------------------------------------------|----------------------------|
| Kitchen floors · Main living · Alfresco & BBQ · General external | Solv Sealer Gold           |
| Bathroom floors & walls · Pool coping · Pool surrounds           | Preseal + Solv Sealer Gold |

### Bluestone, sawn finish

|                                                                                   |                                              |
|-----------------------------------------------------------------------------------|----------------------------------------------|
| Kitchen floors · Main living · Pool surrounds · Alfresco & BBQ · General external | Stone Sealer Gold <i>or</i> Solv Sealer Gold |
| Bathroom floors & walls · Pool coping                                             | Preseal + Solv Sealer Gold                   |

### Slate · Travertine, tumbled · Travertine, sawn

|                                  |                  |
|----------------------------------|------------------|
| All areas, internal and external | Solv Sealer Gold |
|----------------------------------|------------------|

SHOWER ALCOVES · DOMESTIC PROJECTS

Porous 5–15 m<sup>2</sup>/L  
Dense 15–25 m<sup>2</sup>/L

Preseal

All stone 5–20 m<sup>2</sup>/L

Defender WB

Porous 5–15 m<sup>2</sup>/L  
Dense 20–30 m<sup>2</sup>/L

Defender SV

Porous 5–10 m<sup>2</sup>/L  
Dense 10–20 m<sup>2</sup>/L

Defender CSD50

Porous 5–15 m<sup>2</sup>/L  
Dense 15–25 m<sup>2</sup>/L

Coverage per litre, per coat, as published by Actichem. Actual coverage varies with the porosity of the stone; later coats typically cover more.

#### BEFORE YOU SEAL

Test the sealer on your stone to ensure the colour isn't affected.
