FLOORING & WALLING

Osmond Limestone

Osmond is a rich, warm caramel-coloured limestone that showcases subtle veining and fossilisation. Available in a wide range of shapes and sizes, it keeps a consistent material palette across a project. Its distressed face is softened by tumbling for a gentle patina underfoot, making it a great selection for indoor wet areas and outdoor entertaining spaces.

TILE & PAVER OPTIONS

RRP includes GST and is subject to change. Contact Tumbled for current trade pricing.

Natural stone comes from the earth, each piece is unique. Variations in colour, texture, tiny holes and natural markings are part of its character.

SEALING & CARE

Tumbled recommends sealing all natural stone. For coping, preseal all six sides with Defender CSD Pure (AP675), then finish with Stone Sealer Gold (AP177) or Solv Sealer Gold (AP176), Actichem. For ongoing care guidance, visit tumbled.com.au.
