

Aspen

RANDOM ASHLAR WALLING

COLOUR	TILE EDGES	STONE	APPLICATION
Cream Neutrals	Split & Tumbled	Sandstone	Walling

ORDERING DETAILS

Lead time 18 weeks unless in stock. Walling sold in $1m^2$ lots; corners sold per lineal metre (1 lm covers approx. $0.3m^2$).

WALLING

Aspen

It's the softness of Aspen tumbled sandstone that makes a space instantly warm and welcoming. The light colour palette features variations from pale grey to soft rose, with a decadent array of creamy hues in between. This elegant natural stone is delivered split and cut into random ashlar pieces, with a tumbled finish, so every piece offers its own unique textural footprint. Your installer can use Aspen to craft a stonework pattern with or without a grout joint across both indoor and outdoor walls.

WALLING & CORNERS

	RRP INC. GST
Random Ashlar Walling · 20–40mm	$174.70 / m^2
Random Ashlar Corners · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
