WALLING

Beau

If you're searching for a welcoming natural element to complement your project's colour palette, Beau sandstone's delicate creamy hues, from milk to brûlée, soften harsh whites and offer a myriad of contrasting options. Cut in irregular pieces to create a sense of intrigue, its finish is reminiscent of the rugged region it's harvested from. Split on the surface, every piece offers its own nuances and textural footprint. Beau Irregular walling and external corners add a whisper of grandeur to both residential and commercial projects.

WALLING & CORNERS	RRP INC. GST
Walling · Irregular · 20–40mm	$174.70 / m^2
Corners · Irregular · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
