RANDOM ASHLAR WALLING

Marco RA

Marco Random Ashlar quartz and limestone walling boasts a distinctive palette of warm greys and dusty whites, featuring fractal sized quartz and limestone deposits. The split face and tumbled sides highlight the individuality that natural stone is known for. These subtle tones suit both internal and external applications, from feature and retaining walls to facades. Available in random quadrilateral and irregular geometric formats, Marco comes with sawn back and one piece corners for efficient installation without compromise on appearance.

WALLING & CORNERS

	RRP INC. GST
Random Ashlar Walling · 20–40mm	$174.70 / m^2
Random Ashlar Corners · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
