COLOUR	TILE EDGES	STONE	APPLICATION
Creams & Caramel	Split	Sandstone	Walling

ORDERING DETAILS

Lead time 18 weeks unless in stock. Walling sold in 1m^2 lots; corners sold per lineal metre (1 lm covers approx. 0.3m^2).

WALLING

Loft

Loft Irregular Sandstone's caramel tonal palette lends itself to pairings with everything from timbers to stark white surfaces. The natural stone's soft texture offers a welcoming sense of naturalism to indoor and outdoor spaces alike. Split and tumbled, every piece offers its own nuances and textural footprint. Loft brings a retro aesthetic to interior and exterior walls alike, and can be installed with or without visible grouting.

WALLING & CORNERS

	RRP INC. GST
Walling · Irregular · 20–40mm	$174.70 / m^2
Corners · Irregular · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
