WALLING

Como Travertine

Our Como Travertine material, with its warm cream hue, is a natural inspiration that harmonises beautifully with modern architecture. The Como Walling embraces irregularity and imperfection while honouring the raw material's beautiful simplicity. Como Travertine is suitable for both indoor and outdoor design projects.

WALLING & CORNERS

	RRP INC. GST
Walling · Irregular · 20–50mm	$174.70 / m^2
Corners · Irregular · 20–50mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
