WALLING

Peninsula RA

This rustic natural limestone walling combines golds, creams and greys with fractal sized quartz and limestone deposits to form a truly unique colour palette. The split face and sides highlight its individuality, synonymous with natural stone. These gentle tones suit both internal and external applications, from limestone cladding features and retaining walls to facades. Peninsula is available in random quadrilateral and irregular geometric formats, with sawn back and one piece corners and capping for efficient installation without any compromise on appearance.

WALLING & CORNERS	RRP INC. GST
Random Ashlar Walling · 20–40mm	$174.70 / m^2
Random Ashlar Corners · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
