WALLING

Somerton

Somerton Irregular Quartz Limestone is heavily crystallised; we love the way the quartz catches the light and reflects a subtle glow across a room. This creamy quartzite limestone cladding enhances different design elements in its space depending on its grouting and installation method. Whether grouted or dry stacked, Somerton Irregular Walling adds warmth and subtle elegance to its surroundings.

WALLING & CORNERS

	RRP INC. GST
Walling · Irregular · 20–40mm	$174.70 / m^2
Corners · Irregular · 20–40mm	$128.12 / lm

PLEASE NOTE — INSTALLATION

When installing without a grout joint, allow an extra 15–20% for wastage so the stonemason can cut and butt joint pieces. The installer should unpack each crate and use the full mix of sizes supplied; Tumbled will not exchange smaller pieces for larger.

RECOMMENDED GROUT — WALLING

Walling mix: 5 parts All Stone White Sand · 2 parts White Lime · 1 part Aalborg White Cement · Master Additive. Prebagged grout colours are also available, selected by your designer or stonemason.

Guide only — confirm against a physical sample. Tumbled does not supply grouts.

SEALING & CARE

Tumbled recommends sealing all natural stone. For more information on caring for your natural stone, visit tumbled.com.au.
