FLOORING

Abria Limestone

Abria Limestone offers a soft, warm presence through its gentle beige colour, lifted by delicate specks that bring depth and natural beauty. Its smooth, non-shiny finish keeps it understated yet inviting, bringing a grounded, soothing feel to both modern and classic settings.

SEALING & CLEANING

Tumbled recommends sealing all natural stone. For coping, preseal all six sides with Actichem Defender CSD Pure (AP675), then finish with Stone Sealer Gold (AP177) or Solv Sealer Gold (AP176). Natural stone comes from the earth and each piece is unique; variations in colour, texture, tiny holes and natural markings are part of its character.
