ORDERING DETAILS

Lead time up to 26 weeks unless in stock. Customisation is not available on this stone.

FLOORING

Driftwood Limestone

Driftwood Limestone is a sedimentary limestone with a nuanced grey that recalls natural concrete. Its raw, tumbled surface suits refined, contemporary or industrial spaces, both inside and out. This is an aged finish. Edges will be uneven and some will be chipped, which is the aged look we expect from this stone.

TILES & PAVERS

			RRP INC. GST
150 × 150 × 15mm · Honed & Aged finish combined	**$161.77 / m²**	800 × 400 × 15mm	**$155.30 / m²**
Random lengths · RL × 400 × 15mm	**$148.83 / m²**		

COPING & STEP TREADS

Tumbled coping / stepper / paver · 800 × 400 × 30mm	**$84.12 ea**

GROUT COLOUR SUGGESTIONS

TONAL GROUT	Ardex Magellan Grey 273
CONTRAST GROUT	Ardex Misty Grey 241

SEALING & CLEANING

Tumbled recommends sealing all natural stone. For coping, preseal all six sides with Actichem Defender CSD Pure (AP675), then finish with Stone Sealer Gold (AP177) or Solv Sealer Gold (AP176). Natural stone comes from the earth and each piece is unique; variations in colour, texture, tiny holes and natural markings are part of its character.
