

Horticulture

Grow your future
towards your career

Lifeskills

Training
+ Education

Made for Industry. Made for Success.

Develop practical horticulture skills for work across the land-based and primary production industries. This programme provides a strong foundation in plant care, soil management, and sustainable practices, supporting pathways into employment or further study in horticulture.

What you'll learn

- ➔ Apply plant and soil science for healthy growth
- ➔ Identify and manage plants, weeds, pests, and diseases
- ➔ Use irrigation systems and carry out planting and pruning

Career Pathways

- ➔ Horticulture or nursery worker
- ➔ Garden maintenance / landscaping roles

NZ Certificate in Horticulture (General)
