

ONYX

E-cell

Entrepreneurship starts here!

Who we are?

Onyx is the renowned entrepreneurship Cell of NIE (south) founded in 2009. We are a group of highly enthusiastic people who aim to bring an entrepreneurial spirit among the students and gradually expand over time.

Our Mission and Vision

To help the aspiring entrepreneurs start and grow their businesses by creating a pathway of various opportunities.

Mission

Our Mission is to foster entrepreneurial thinking, promote business knowledge and inculcate confidence in every student.

Vision

Our vision is to inculcate, motivate and develop the entrepreneurial ethos among students in their pursuit of quenching their urge for success in establishing their self sufficient and fecund ventures.

What we do ?

1. Onyx has always been at the forefront in driving the entrepreneurial culture on the campus since its inception and continues to do so

2. We aid any campus venture ideas by the students that have the potential to grow beyond and arm them with the right skill set to achieve their feat.

3. We also strive to provide the members of the E-Cell with quality information and important updates about the business world through optimal usage of social media and newsletters.

4. We conduct various college-level/inter-college-level competitions and events in the college and thereby, allow the participants to learn by experience and get inspired to take up a venture in the future.

5. We invite various entrepreneurs from across the country for conducting workshops, for participating in panel discussions, and for giving speeches on various aspects of business and management.

6. We represent our college in numerous national-level competitions that are organized by various popular business forums and E-Cells across the nation.
