About me: I am Vidyashree R, currently pursuing my Ph.D. in the field of green synthesis of nanoparticles. My research focuses on developing environmentally friendly methods for synthesizing nanomaterials and exploring their applications in areas such as sensing and environmental remediation. I have 2.8 years of experience as an Assistant Professor at my current institution and previously worked for 5 years as an Assistant Professor at AMC College, Bangalore. I am passionate about teaching and research, and I strive to create an engaging learning environment for students while encouraging scientific curiosity. My academic journey reflects my dedication to advancing knowledge in nanoscience and contributing to sustainable scientific innovations through research and education.

Qualification:

Ex: B.Sc. (Bangalore Univ), M.Sc. (NMKRV Autonomous college, Bangalore), Ph.D. (Continuing second year VTU, Belagavi)

Courses Taught: Chemistry for Bachelors of Science and Biochemistry for Masters of Science (2016-2022), Applied Chemistry for Engineers and Biology for Engineers [2023-2026 (till date)]
