

Faculty Profile

Name	: Shashank T
Designation	: Assitant Professor
Department	: Civil Engineering
E-mail	: shashankt@nie.ac.in
Phone	: 9845667931

About me: I am an Assistant Professor in the Department of Civil Engineering with a specialization in Hydraulics Engineering. My areas of interest include hydrologic & hydraulic modeling, dam safety and the application of CFD in hydraulics. I am actively involved in teaching undergraduate and postgraduate courses, and guiding students in laboratory and computational studies related to the domain. In addition to teaching and research, I participate in academic and institutional activities. I am committed to contributing to quality engineering education and promoting research in the field of hydraulics and water resouces engineering.

Qualification: B.E. (GEC, Hassan), M.Tech. (NIE, Mysuru), Ph.D. - Pursuing (VTU, Belagavi)

Courses Taught: UG - Fluid Mechanics & Hydraulics, Irrigation Engineering & Hydraulic Structures, Applied Hydraulics Engineering, Engineering Survey, Environmental Studies
PG - Pipe Network Analysis, Ideal Fluid Flow, Real Fluid Flow, Design of Hydraulic Structures, Groundwater Engineering

Publications: Nil
