Executive Summary

Dependable Handyman Services (DHS) offers expert handyman, construction, and Excavation equipment services in Yuba City and surrounding areas. As a locally owned and operated business, we are the top choice for reliable contracting solutions. With over 25 years of experience, including a 12-year apprenticeship mastering skills like equipment operation, welding, and concrete work, we provide high-quality services for both new construction and remodeling projects. Committed to safety, efficiency, and customer satisfaction, DHS is your dependable partner for all your maintenance and construction needs.

Experience the Difference

Choose Dependable Handyman Services for:

Unmatched Expertise: Our skilled technicians have the knowledge and experience to handle any project. **Reliable Service:** We deliver on time and on budget, every time. **Customer Satisfaction:** Your satisfaction is our top priority.

Your Vision, Our Expertise

Whether you need a simple fix or a complete overhaul, we've got you covered. Our company is divided into 3 divisions, each with their own range of services. Get to know the DHS divisions:

Handyman Division: Our Handyman Division provides a variety of services, starting with electrical, plumbing, and door repairs. As your go-to handyman, we also offer repair services for dry rot, gutter cleaning, roof valley cleaning, fixture replacement, and flooring projects. Our services extend to deck construction and repair, completing a comprehensive suite of handyman maintenance options.

Construction Division: Our general construction services cover a wide range, including custom deck building and repairs. We improve home exteriors with siding services and ensure your roof remains in great condition with our roofing repair services. For structural concerns, we provide foundation repairs. Our team is also equipped to handle metalworking needs, concrete restoration or removal.

Excavation Division: Our Excavation Division specializes requests such as demolition, rough grading, digging, and debris removal. We manage earthwork operations and site preparation for construction. Additionally, we specialize in removing old landscapes and executing custom excavation projects as part of our *comprehensive handyman services*.
