

# Lead With Vision. Think like a Pioneer

Gaby Natale

Triple Emmy-Winning Global Speaker  
for Brands Ready to Think Like Pioneers

## Fireside Chat

SESSION TYPE: FIRESIDE CHAT / MODERATED CONVERSATION

Format: 30–45 min + optional Q&A

**Speaker: Gaby Natale – Triple Emmy-Winning Journalist, Entrepreneur & Founder of Menopausia.com**

What happens when a **pioneer** walks straight into one of society's most uncomfortable silences—midlife, menopause, and breast cancer—and refuses to look away?

In this candid and insightful fireside chat, Gaby Natale shares **how a personal health crisis became the seed of a bold new platform: Menopausia.com, the first bilingual destination for women navigating menopause and perimenopause**. But more than a story of survival, this is a **story of reinvention, leadership, and seeing opportunity where others see taboo**.

With the storytelling power of a triple Emmy-winning journalist and the strategic clarity of an entrepreneur, Gaby invites the audience into a conversation about:

- Breaking the silence around midlife and women's health in corporate culture
- How pioneers lead not by following trends—but by spotting the white spaces others ignore
- Turning adversity into platforms for innovation and purpose
- Why midlife is not a crisis—it's a launchpad

This is not just a personal journey—it's a wake-up call for companies to acknowledge, support, and empower the women who are holding it all together through one of life's most underestimated transitions.
