- ◉ the third and any additional siblings will receive a 20% concession.

In addition, any newly enrolled siblings (brother or sister by birth or adoption) of any child already enrolled at XWA will receive a discount on their tuition fees, equivalent to the Enrolment Fee of SGD5,668 (including GST).

Sibling discount will be determined by descending age order (both simultaneous and sequential enrolments). Grade Placement

As an international school in Singapore, XWA seeks to make the most appropriate grade placement for each student based on his or her age, as well as academic, social and emotional development within policy guidelines. For this reason, new students may be required to complete an appropriate level screener to determine placement and fit. Students applying to XWA must be of an appropriate grade age by 1st September for admission consideration. Families are encouraged to use a Grade Placement Guide (Appendix 1) to ensure that they are applying to the correct grade level, taking into account the differences in the naming of 'grades' around the world.

Cognitive Abilities Test (CAT4)

Students applying to **Grades 3 and above**, and over the age of 7.5 years will be required to sit for the CAT4 assessment to provide our teachers with important information on how best a student can learn and reach their potential in school through the evaluation of verbal, non-verbal, mathematical and spatial reasoning.

English as an Additional Language Support and Foundational English Programme

XWA English language proficiency requirements vary depending on a student's grade level. The English as an Additional Language (EAL) Support or Foundational English Programme (FEP) will become mandatory¹ for students in **Grades 1 – 9** if, after conducting the English proficiency assessment, the School determines that the student requires any of these programmes. Our EAL and FEP programmes support students with limited English language skills to help advance their language development so that they can make the most of their time here at XWA.

English Language Proficiency

Children entering **Nursery-KG2** are not formally assessed prior to the enrolment. The Students will join the English-speaking environment and have language opportunities integrated into all classroom activities. Students entering **Grades 1-9** whose first language is not English or who are coming from a school where the language of instruction is not English may be required to sit for an English language proficiency assessment (WIDA) to determine whether the candidate can access the English-based curriculum and if additional language support is required.

The level of placement will be determined by their WIDA assessment scores (Appendix 2).

Intensive EAL Programme

XWA's intensive English programme for students in Grades 3-5 with "Entering" or "Emerging" English levels provides thorough instruction in reading, writing, speaking, and listening. The programme balances language acceleration with partial mainstream integration to better prepare students for Secondary Years. Students will interact with peers during low-stakes language activities and participate in school events.

Each learner's progress will be carefully monitored and evaluated with tailored instruction. Students can transition flexibly to regular EAL support once ready.

Immunisation

Immunisations are one of the prerequisites for application and subsequent enrolment at XWA. All applicants are required to submit a copy of vaccination records via the online application form as part of the admissions process.

¹ EAL fees are not included in the tuition fees.

Foreign-born children aged 12 and below

All foreign-born children aged 12 and below are also required to provide documentary proof of vaccination or evidence of immunity for diphtheria and measles to the Health Promotion Board (HPB) for verification before they can proceed with their applications to the Ministry of Manpower (MOM) or Immigration & Checkpoints Authority (ICA) for their long-term stay in Singapore. This requirement applies only to first-time applicants.

Please note that immunisation against both measles and diphtheria is mandatory in Singapore under the Fourth Schedule of the Infectious Diseases Act (Cap 137).

For more information, please refer to the HPB website <https://www.nir.hpb.gov.sg/fcine/#/>.

Disclosure of Nationality

Parents are required to fully disclose the nationality/citizenship status of all applicants—including dual nationality. Specifically, any applicant who holds Singapore citizenship, either by birth or registration, must declare this information at the time of the application, as approval from the Ministry of Education is required before the course commencement. Enrolled families must immediately notify the Registrar Department of any change in their nationality and residency status.

Learning Support

At XWA, we provide learning support opportunities for a wide range of learning needs across the school in an inclusive setting. We believe in fostering positive relationships with students in a nurturing and inclusive learning environment. The school will consider the application if we are able to provide the child with the opportunity to succeed.

Speak with our Admissions Team if you would like to find out more.

MOE Exemption

XWA will provide personalised assistance for your application for exemption status to the MOE, and we will guide you through this process.

Student Pass

No Student Pass is required for students holding a Dependant's Pass, Immigration Exemption Order (IEO), Long-Term Visit Pass (LTVP) or Singapore Permanent Residency (PR).

All other international students must apply for a Student Pass. XWA will process a Student Pass registration only after receiving formal Enrolment Offer from the school. If your child requires a Student Pass, please contact our Admissions Team ahead of the course commencement date, and we will guide you through the application process.

Student Pass Application Process

- 1 The parent will be contacted by the school's Registrar and receive instructions on the Student Pass Application procedure. Submission of the Student Pass application is via Immigration Checkpoint Authority (ICA) online submission portal (SOLAR+).
- 2 A place will be reserved for the student until the ICA has issued the Student Pass.
- 3 The student will be eligible to start school only when the Student Pass has been approved and a copy of the card displaying the front and the back has been submitted to the school's Registrar before the course commencement date.

Guardianship

At XWA, students must live with at least one parent while attending School in Singapore. However, there may be certain circumstances where exceptions can be made for Secondary Years students (Grade 6-12). If your child will be residing with a guardian instead of a parent, please carefully review the conditions of guardianship REQUIRED by XWA.

Please contact our Admissions Team for further guidance on the application process.

The tables below serve as a reference for evaluating a student's English Support (FEP/EAL) and should not be viewed as the sole factor determining student acceptance.
